ATTACHMENT TO THE COMMUNICATION FROM THE EXAMINER

Response to Amendment

The reply filed on 8/10/01 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): the replacement sheets for the figures, which contain the sequence identifiers for the sequences in the figures, was indicated in the reply as being present (as a part of the required full compliance with the Sequence Rules), but several careful reviews of all papers filed in the reply did not locate the proposed figure replacement sheets. Although there is no indication in the file contents that figure replacement sheets were filed as a part of the reply filed 8/10/01, it is unclear whether the replacement sheets were not received as a part of the reply or whether they were received, but not noted in the file contents and lost from the file prior to the application being forwarded to the examiner. Either way, new replacement sheets are needed for a full response to the last communication and prior to the examination of the instant application. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

Art Unit: 1636

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR
1.136(a).

Applicant is invited to directly contact the examiner as indicated below in order to expedite filing of the required replacement sheets and thus expedite examination on the merits of the instant application.
